Subject: PLEASE, It's time we all grow up!

Let's do something really important.

Go to war against those who wish us dead. Defeat and eliminate those who wish to cut our throats. Yours, your spouses and those of your children.

I mean, can you imagine...what if we attacked, instead, one of the greatest and most beneficial companies in history? Imagine doing that to Microsoft, a US corporation.

The days of the Democratic DOJ is now, thank God, behind us.
